

CYBERSECURITY AWARENESS MONTH PROGRAM

Educate and Entertain: Make Cybersecurity Awareness Month a Breeze with our Comprehensive, Turnkey Program

October is National Cybersecurity Awareness Month in the United States. It's a time to celebrate the efforts of your cybersecurity team and create momentum and engagement among employees regarding protecting themselves, their families, and your organization from digital security threats. Our Cybersecurity Awareness Month Program makes it easy for you to execute a robust and informative campaign that engages and entertains your employees and their loved ones.

Improved Engagement

Our Cybersecurity Awareness Month program offers a variety of opportunities for employees to get a refresher on security basics and also learn from industry thought leaders and their experiences creating a fun and engaging environment to really highlight cybersecurity for the whole month.

Easy Execution: Don't Lose Sleep This Year!

Get everything you need to celebrate Cybersecurity Awareness Month has been created for you to tailor as needed, making it as efficient as possible for very busy teams.

Strengthen Your Defenses and Protect Your Organization

Leveraging various activities improves engagement and helps to foster positive security habits by focusing on both workplace and personal online safety.

**We make it
easy for you to
execute a robust
and informative
campaign that
engages and
entertains your
employees and
their loved ones.**

Key Features

Protecting your organization from cyber threats is crucial, and our Cybersecurity Awareness Month program provides the ideal campaign to strengthen your employees as your best defense. Let us help make your October a month of celebration, rather than losing sleep!

Turnkey Campaign with Planning and Promotion Tools

The work is done for you with a month-long planning calendar filled in for you to tailor to your organization and goals as well as unique activities and corresponding promotional content.

Unique, Gamified Experiences

We offer a unique experience with our CyberEscape Online product that delivers a fun team activity with gamified cybersecurity training that “sticks.”

Leaderboards for Engagement

Drive employee engagement and completion rates with internal leaderboards that foster healthy competition and recognition.

Diverse Industry Speakers

Each year, we bring in new industry speakers with diverse backgrounds and experiences, offering fresh perspectives and relatable storytelling approaches to cybersecurity. We select sought-after speakers with fascinating topics, including “Through a Spy’s Eyes...Espionage 101” and “Generational Differences and Cyber Security: From (B)oomers to Gen(Z).”

Family Fun!

An entertaining session for employees and their loved ones encourages staying safe at home and awareness for the whole family.

“Since working with Living Security, Cybersecurity Awareness Month is way, way easier than it used to be. Our team used to lose sleep every October. We see higher than expected engagement with the speakers and training provided in the program.”

- Alaina DeGregory,
Highmark Health

Living Security’s Cybersecurity Awareness Month Program makes you the hero, without having to break a sweat!
