Key Features

At Living Security, we are committed to transforming security awareness training into a captivating and impactful experience. We believe that effective training should go beyond mere compliance and truly empower your employees to become the first line of defense against cyber threats. With our solution, you can easily exceed your compliance goal reporting, engage your employees, and improve your security posture.

Pre-built Annual Training Campaigns

Get started by adding employees to your annual training campaign with a template already created, ensuring you get value from the solution immediately. You can then tailor this campaign and the employees you'd like to add to for onboarding, annual training, or phishing simulations to ensure the right content goes to the right people.

Binge-worthy Content Employees Won't Sleep Through

Employees will enjoy live action training content that rivals the most binge-worthy streaming series using formats that include cooking shows, adventure races, and action movies.

Extensive Translations

Provide the same engaging content across your workforce with translations of over 300 minutes of content available in nearly 20 languages, including English, Spanish, French, Chinese, Japanese, German, Portuguese, Turkish, Italian, Dutch, Russian, Vietnamese, and more.

Be Where Employees Are

Engage employees where they spend time, sending reminders and nudges through messaging apps like Microsoft Teams and Slack to meet completion rates in a more efficient way.

Flexible Audience & Campaign Management

Take advantage of an enterprise-focused admin console and Campaign Builder for easy audience and campaign customization and management that saves you time.

This was a completely flawless, extremely engaging, and enjoyable event (for all of us). Everyone left laughing and educated, which will do wonders for our compliance-focused culture.
